About University

Hong Bang International University (HIU), through its School of Health Sciences, provides a broad selection of majors, programs, and qualifications. With 36 academic offerings delivered in Vietnamese, English, and via international collaborations, HIU spans areas such as Health and Science, Education, Business and Law, Engineering and Technology, Social Sciences, Languages, and Culture. It places particular emphasis on fields like General Medicine, Dentistry (Odonto-Stomatology), Traditional Medicine, Pharmacy, Nursing and Midwifery, Laboratory Science and Biotechnology, and Rehabilitation Engineering.

In 2022, HIU made major investments in its facilities, launching a modern Orthodontic Clinic and equipping classrooms with advanced tools such as the Anatomage virtual dissection table. These improvements support hands-on learning and strengthen the overall training quality for students in the health sciences.

Total Population:
102,002,338

Capital:
Hanoi.

Government:
One-party Communist state.

Currency:
Vietnamese dong (VND).

Language:
Vietnamese.

Climate: Tropical with seasonal variations.

About The City

Ho Chi Minh City is the largest city in Vietnam and its main economic center. Formerly called Saigon, it has a population of over 10 million people and contributes around 20–25% of the country's GDP. The city covers about 2,100 square kilometers and is located in southern Vietnam along the Saigon River.

Known for its energetic atmosphere, Ho Chi Minh City features a mix of historic French colonial buildings and modern high-rises. It is a major hub for trade, education, and tourism, attracting millions of visitors each year with its street food culture, markets, and landmarks.
